

Vision in Action (Part 2)- Going Deeper Questions

Sunday, March 22, 2026

Question #1: Which of the Jewish people's 2 responses do you think you struggle with the most: acknowledging problems or acting on them? Why do you think that is?

Question #2: What is 1 thing that you think prevents you from stepping into your role as someone who shares Jesus with others? What is 1 step you can take this week to overcome that obstacle?

Question #3: Do you feel unqualified to lead others to Jesus? Why? God can qualify you. Take your concern to Him and ask Him to show you your next step in becoming qualified.

Question #4: Is there a spiritual practice in your life that you wish you could just automatically be better at? Remember, don't stay so fixated on the goal that you get discouraged by the process. Ask God to help you develop that practice in your life and to help you enjoy the process.

Challenge:

1. Seek out a spiritually mature Christian in your life and share your answers this week. Ask them to pray for you and help you as you seek to step into your role in building God's Church. If you need help finding someone, feel free to reach out to one of our Encounter Pastors— they would love to help connect you with someone!
