Children's Bible Fellowship Special Sundays

We had our first special on Sunday, November 4, during which each class learned about church history, specifically Lottie Moon and Adoniram Judson. Both were missionaries to Southeast Asia during the 1800s. Our next Special Sunday will be on December 16 when we will have a "Birthday JAM" and learn about the birth of Jesus.

Reward Store Day

Thank you for all of the help and encouragement you are giving to your child(ren) during the week memorizing Scripture and discussing the lesson materials. Our first Reward Store will be on Sunday, Nov. 18. The children will be able to purchase items with the points they've earned to be placed in a class box or boxes for Operation Christmas Child. In addition, they will also receive a gift card of their choice. On future store days, the children may use their points to purchase items for themselves.

Scripture Memory Verses

First Steps

Nursery

Beginning Sunday, Nov. 11, we are reorienting the memory verses the children should be working on each week. Most of the children had been working on the verse from the lesson taught the previous Sunday. Instead, we would ask that the children work on the verse for the UPCOMING LESSON. This change will help the children to prepare for the lesson they are going to receive when they learn the key verse and talk with you regarding the lesson's essential truth.

Children's Ministry Leader Highlight

In this section, we will take an opportunity to highlight on our fabulous ministry volunteers. Today we will highlight our Deacon of Children's Ministry Andrew Dowling.

Kindergarten & 1st Gr.

Birthday: March 11th

Favorite Bible Verse(s): Hebrews 11

I grew up in Ocean City, NJ. Currently, I live in Hollywood with my wife, Catherine, and son, Matthew, who is 10 months old. I went to Messiah College and have a degree in Computer and Electrical Engineering. I moved to Southern Maryland and starting coming to LBC in July 2013 when I began working at NAVAIR doing testing for air traffic control and landing systems. Now, I am designing and building flight simulators on base. In my free time, I enjoy leaf blowing (mainly because I don't have a choice), doing jigsaw puzzles, watching sports (Philadelphia sports teams, Penn State football, and Clemson football), playing video games, but mostly just spending time with my family.

2nd & 3rd Gr.

One interesting fact about Andrew: In high school, I performed in four different musicals (Fiddler on the Roof, Guys and Dolls, Beauty and the Beast, and Into the Woods) and two additional plays (Anne of Green Gables and The Pink Panther).
