CHASING GIANTS

FEATURED SPEAKER: JON WEECE

Born and raised in Boone County Missouri, Jon spent the majority of his childhood exploring the creeks and caves in Rock Bridge State Park. After graduating with a Bible degree, he served in Haiti for four years and spent the last 26 years serving the loving and joyful people of Southland Christian Church in central Kentucky. With the help of hunters and farmers, Jon launched a new ministry called Boone Brothers that is focused on feeding hungry children by using donated venison and beef. If he's not in the woods bow hunting, you will find him with his wife Alli, their two adult children Ava and Silas, and their dog Charlie. And it also won't take you long to realize that enjoying good food with good friends is one of the many ways Jon is preparing himself for heaven.
