Christopher & Amanda Edman, Matthias and Cora

Bongolo Hospital in Gabon

Please pray

- Alongside them for the Lord's timing and provision in possible accreditation of the Bongolo Nursing School.
- For the nursing students who don't have a father or who have been made to feel second-class in their families. Pray they would know that they are very loved by our Heavenly Father.

And, thank you from Christopher and Amanda for....

- Continuing to pray as they press into the details of what He has for their Bongolo Team.
- Praying for the hospital oversight committee meetings which take place twice annually. The Lord was present and they look forward to gathering again in March to hear from Him as they sift these decisions.

Bobby and Debbie Booze

NOVO Ministries—*a band of creative missionaries sent to multiply movements of the gospel and mobilize the church for that mission around the world.*

Please pray ...

- For the Girards, a young staff family, who has been drawn to live in Marseilles, France, an ethnically diverse city that is a melting pot of cultures, and is a place where Christ is largely unknown. There is extremely little Christian witness among the people there. Bobby and Debbie recently visited the Girards to pray over the city with them and seek God's direction for their ministry there.
- That Bobby and Debbie will have many opportunities to share Jesus with the Afghan refugees they have befriended and are working with in Greensboro, N.C.
- That the Afghan refugees will be compelled to want to know and follow Him.

Holley Mapel

Full-time ministry with CRU at colleges and universities in Minneapolis, MN

Please pray

- For Yara, Affrin, Maitha, and Mobina, 4 Muslim women who live in the Middle East. Holley just returned from a Missions trip there and had some deep and meaningful conversations with them about the Gospel.
- They will ponder gospel truths Holley and the others shared with them, and continue the inquisitive nature to explore more of the fullness of who Jesus is.
- For more long-term ministry workers in this Middle-Eastern country as there are currently only two from Cru working with college students.
- For the CRU team in Minneapolis as many of them have had a really full winter break with several conferences, trips, sicknesses and changes.
- They will be healthy and rested as they start the new semester and as they train their student leaders in outreaches to students on campus who don't yet have a personal relationship with God.
- For the two gals Holley has been discipling who have said an initial yes to going on summer mission with her and also for the freshman gal she has begun to disciple.
- For Holley as she will be speaking at her church's women's retreat later this month.
