the Redwood Empire Baptist Association is a collaborative network of fifty Southern Baptist Churches located to the North and East of San Francisco, CA.

Our **REBA** churches are a beautiful array of diverse congregations! Ten different languages are spoken among our Association of churches. Some of our churches are over 70 years old, while some have only recently been planted. Worship styles and approaches to ministry based on culture and generation also contribute to the variety. Yet, in this **Diversity** ...

our churches find **Unity**, points of contact for equipping and assisting one another, in our Association's **Four Missional Objectives**. We maintain that all churches, regardless of their differences, ground their purpose and activities in ...

INCARNATIONAL MINISTRY— serving our neighbors' needs
EMBRACEABLE EVANGELISM— sharing Christ's triumph with them
LIFESTYLE DISCIPLESHIP— growing in Christ through life together
CHURCH PLANTING— multiplying our faith-borne communities

The **mission** of our Redwood Empire churches is to invest in one another in ways that encourage, equip, and mobilize these four essential activities. Financial giving, collaborative training, and partnership ministry are keys to accomplishing our mission.

To stir and lead the churches and their pastors to participate in this missional partnership, the Redwood Empire employs a **Mission Catalyst** (formerly titled the *Director of Missions*) and an **Administrative Assistant**. Since August of 2010, these associational servants have been **Mission Catalyst Bob Lawler** and **Administrative Assistant Georgiana Maddox**.
