

First Baptist Kindergarten and Child Care

Our Mission Statement

We believe that each child is “fearfully and wonderfully made” (Psalm 139:14) and deeply loved by God. We also believe that each child should be celebrated for their unique traits, gifts and personalities. Our center strives to provide learning activities that meet the needs of each child in our care and promote each child’s cognitive, physical, social and spiritual growth.

As educators and child care providers, our mission is to provide a Christ-centered, safe, nurturing and developmentally appropriate environment that encourages each child’s natural inclination to discover, explore and learn.
