

NEWS FROM ARROWHEAD

December 2015

Hiding in Plain Sight

As a kid I couldn't understand why hunters wore camouflage and a bright orange vest. Why would you quietly hide among the trees and scream fluorescently at the same time? The answer is obvious now that I'm older; the goal is to be seen by other hunters and unseen by the deer (who are color-blind).

2015 has been another huge year of ministry here at Arrowhead, with a long list of accomplishments, some camouflaged and others loudly wearing fluorescent orange. We are grateful for another year of abundant strides forward. Thank you to each investor who made what would have been an already great year even more amazing!

Camouflaged Accomplishments

- \$3,400 in Scholarships Awarded
- Enhanced Nurse's Station
- Full time staff member added
- New heating system
- Brand new John Deere ZTrak mower
- Reconstructed steps to the lake front
- Acquired every program and maintenance wish list item

Fluorescent Orange Accomplishments

- 170 brand new mattresses in the dormitories
- 12'x20' Shade Pavilion with seating for 20
- Additional dock section at the lake with safe & accessible bench seating
- 3 brand new canoes
- A custom shallow end railing at the lake
- Relocated the main office for accessibility
- All 15 camper cabin exteriors painted
- An additional week of Shepherds Camp 1:1
- New 360 sq.ft. meeting room

Brilliantly Orange

We've got a project for 2016 that is sure to be wearing the brightest orange at camp. We are raising funds and preparing to break ground for a new Picnic & Recreation Pavilion sized to accommodate everyone at camp. Designed for year round multipurpose use; it will overwhelmingly enhance how we serve our campers, staff, mission teams and guests.

Colorful Impact

Every year our list of new, improved and enhanced accomplishments grows bigger. What a blessing! But those things are just the beginning of how God changes lives through Arrowhead; as we train the next generation of leaders, challenge students to grow exponentially and care for adults with developmental disabilities with excellence. And that will be the vivid impact of the Picnic & Recreation Pavilion.

From Camp,

Ben Myers
Camp Director
Arrowhead Bible Camp

Picnic & Recreation Pavilion

A Shepherds Camp Impact Project

- Multipurpose outdoor space for enhanced camper dining, recreation, & meeting experiences
- Designed for the needs of Shepherds Campers with the built-in flexibility to serve guests year-round
- Protection from the burning sun and schedule-busting light rain
- Centrally located for maximum utilization, adjacent to many program and free-time activities and the camp kitchen
- Shelter and tables are accessible to campers with wheelchairs and other mobility concerns
- Inviting space for planned or spontaneous gathering with comfortable fireside seating for relaxing and relationship building
- Crafted from quality materials for decades of low-maintenance service
- Labor saving: sized to accommodate a full camp for a meal without moving furnishings and transitions in moments for recreational use
- 100% support from our board of directors and camp leadership staff

Investors like you, who understand the life-changing impact of Shepherds Camp and the significance of the Picnic & Recreation Pavilion, have already provided 87% of the \$165,000 project cost.

Shepherds Camp:

Christian Camping for Adults with Developmental Disabilities Shepherds Camp offers a safe and exciting residential camp experience with 10 summer weeks and two weekend retreats, including specialized 1 to 1 sessions and programming for the whole family.
