

JourneyKids Well Child Policy

With the desire to keep all children as free from illness as possible while in JourneyKids, we have adopted the following wellness policy and ask that everyone uses it to determine if their children are well enough to interact with other children without potentially transmitting illness.

1. A child who has exhibited any of the following symptoms within the previous 24 hours is possibly contagious and should not participate in JourneyKids:

• Fever (99 degrees F)	• Vomiting/Diarrhea
• Unexplained rash	• Thrush (white spots in mouth)
• Discolored nasal discharge	• Sore throat
• Cough	• Skin or eye infection
• Any symptom of the usual childhood diseases such as Scarlet Fever, Chicken Pox, Measles, German Measles, Mumps, Whooping Cough	

2. If a child in JourneyKids and becomes ill or exhibits any of the above symptoms, the parents will be notified.
3. Workers are not permitted to administer medication of any kind to a child except in a state of emergency when the worker reasonably believes it is necessary to save a child from serious injury or death (see Virginia Code Section 8.01-225(3)).
4. Parents shall inform JK registration team of any allergies or special physical conditions that their child may have.
