

## Disposition of My Remains & Visitation or Wake Planning

This form is to help you plan how you wish your body to be prepared and for you to write down your wishes for a visitation and/or wake. Just like the **Instructions for the Burial of the Dead**, you are giving your family and loved ones a gift at the time of their grief. Visitations or wakes usually occur several days before the funeral or just before the service. Sometimes wakes occur after the funeral.

### How does this process work?

Prayerfully invest time filling out the following pages. Once you have finished the form, make an appointment with a staff member to look it over with you.

At that meeting, copies of this form will be generated. One will be placed in a locked file at the church and the other copies will be given to you. We suggest you keep a copy with your important documents (such as your Will, Durable Power of Attorney paperwork and Advanced Care Directives etc...) and give a copy to a person whom you can trust to follow your wishes. Be sure your loved ones know where your important documents are.

### What is the Purpose for a Visitation and/or a Wake?

The purpose for a visitation is for the community to offer brief, personal condolences to the family a few days before the funeral or just before the service. The time and location of the visitation depends upon many factors—size of the congregation, space, travel needs, just to name a few. Typical locations include parish halls, funeral homes, personal residences etc...

A wake is a time for your family and friends to offer personal eulogies, reminisces, and eat together. It is also a time to include favorite songs and pictures. A wake is usually held in a personal residence or hall.
