It's Time to Work

John 9:4 KJV

I must work the works of him that sent me, while it is day: the night cometh, when no man can work.

Father God, help me not grow weary in doing good and doing the right thing in my work. Equip me with the patience, energy, persistence, and courage I need to do this work, and remind me of Your love for me, no matter the outcome. Amen.

GOD HAS CALLED FALL CREEK TO WORK and work we will. This June has provided us wonderful opportunities to reach our community and beyond through "ILLUMINATION STATION" VBS, the Fall Creek Appalachia Mission Trip, X-Stream Florida Mission Trip to name just a few. The **BEST** way you can help is to pray and participate.

VBS IS READY ... AND WE'RE SO EXCITED ABOUT IT! In response to what we believe to be God's call to serve the families in our community, we will be offering "Illumination Station" VBS **June 14–18, from 6-8:30pm daily** for all children grades Pre-K through 5th. Please invite all children to come and receive the gospel, presented each night.

Then on the last day of VBS, we'll invite parents to stay for a **closing ceremony experience** with children dancing, singing, worship, the message, and a **cookout together. Who will you be inviting?**

Parents of Preschoolers @ Conner Prairie! Put **June 19, July 17, and Aug 21** on your calendar and sign up online for a **NEW** offering just for you! **Read, Rock, & Roll** allows you to enjoy a casual, relaxed morning, indulging in yummy breakfast treats and drinks before you roll along the trails of Conner Prairie with your strollers and wagons. Along the path you'll discover cozy spots to stop at your leisure and rock a little, read a good story together, let your child's curiosity roam free, or chat for a while as you slow down, breathe deeply, and take in the beauty of nature in a safe and quiet spot. This is **FREE** for Fall Creek families and friends. Registration is required on the Fall Creek website.

And we say together: **Thank you, Lord.**

Hard Work Pays Off

Big goals require focus, sacrifice, and a lot of hard work. You have to want the outcome with a passion, saying "no" to other things that are competing for your time.

We cannot expect to see our lives change or experience freedom if all we do is talk about what we can do better. We all have a next step when it comes to our goals, and we have to take action if we want to see things change.

> What is one thing you worked hard to earn? What did you learn about perseverance during that experience?

> Have you ever pursued a goal and stopped? What caused you to quit and how can you prevent that from happening again?
