DAILY THEMES

Day 1 - God is Creator and Controls the Waters

Kids will learn how God created the oceans, rivers, and every sea creature. Water is part of God's good design and He brings order out of chaos. We can trust the Creator who made everything.

Day 2 - God Makes a Way: The Red Sea

Children will discover that God protects and delivers His people. Even when we feel trapped, God can make a way!

Day 3 - Jonah and the Whale

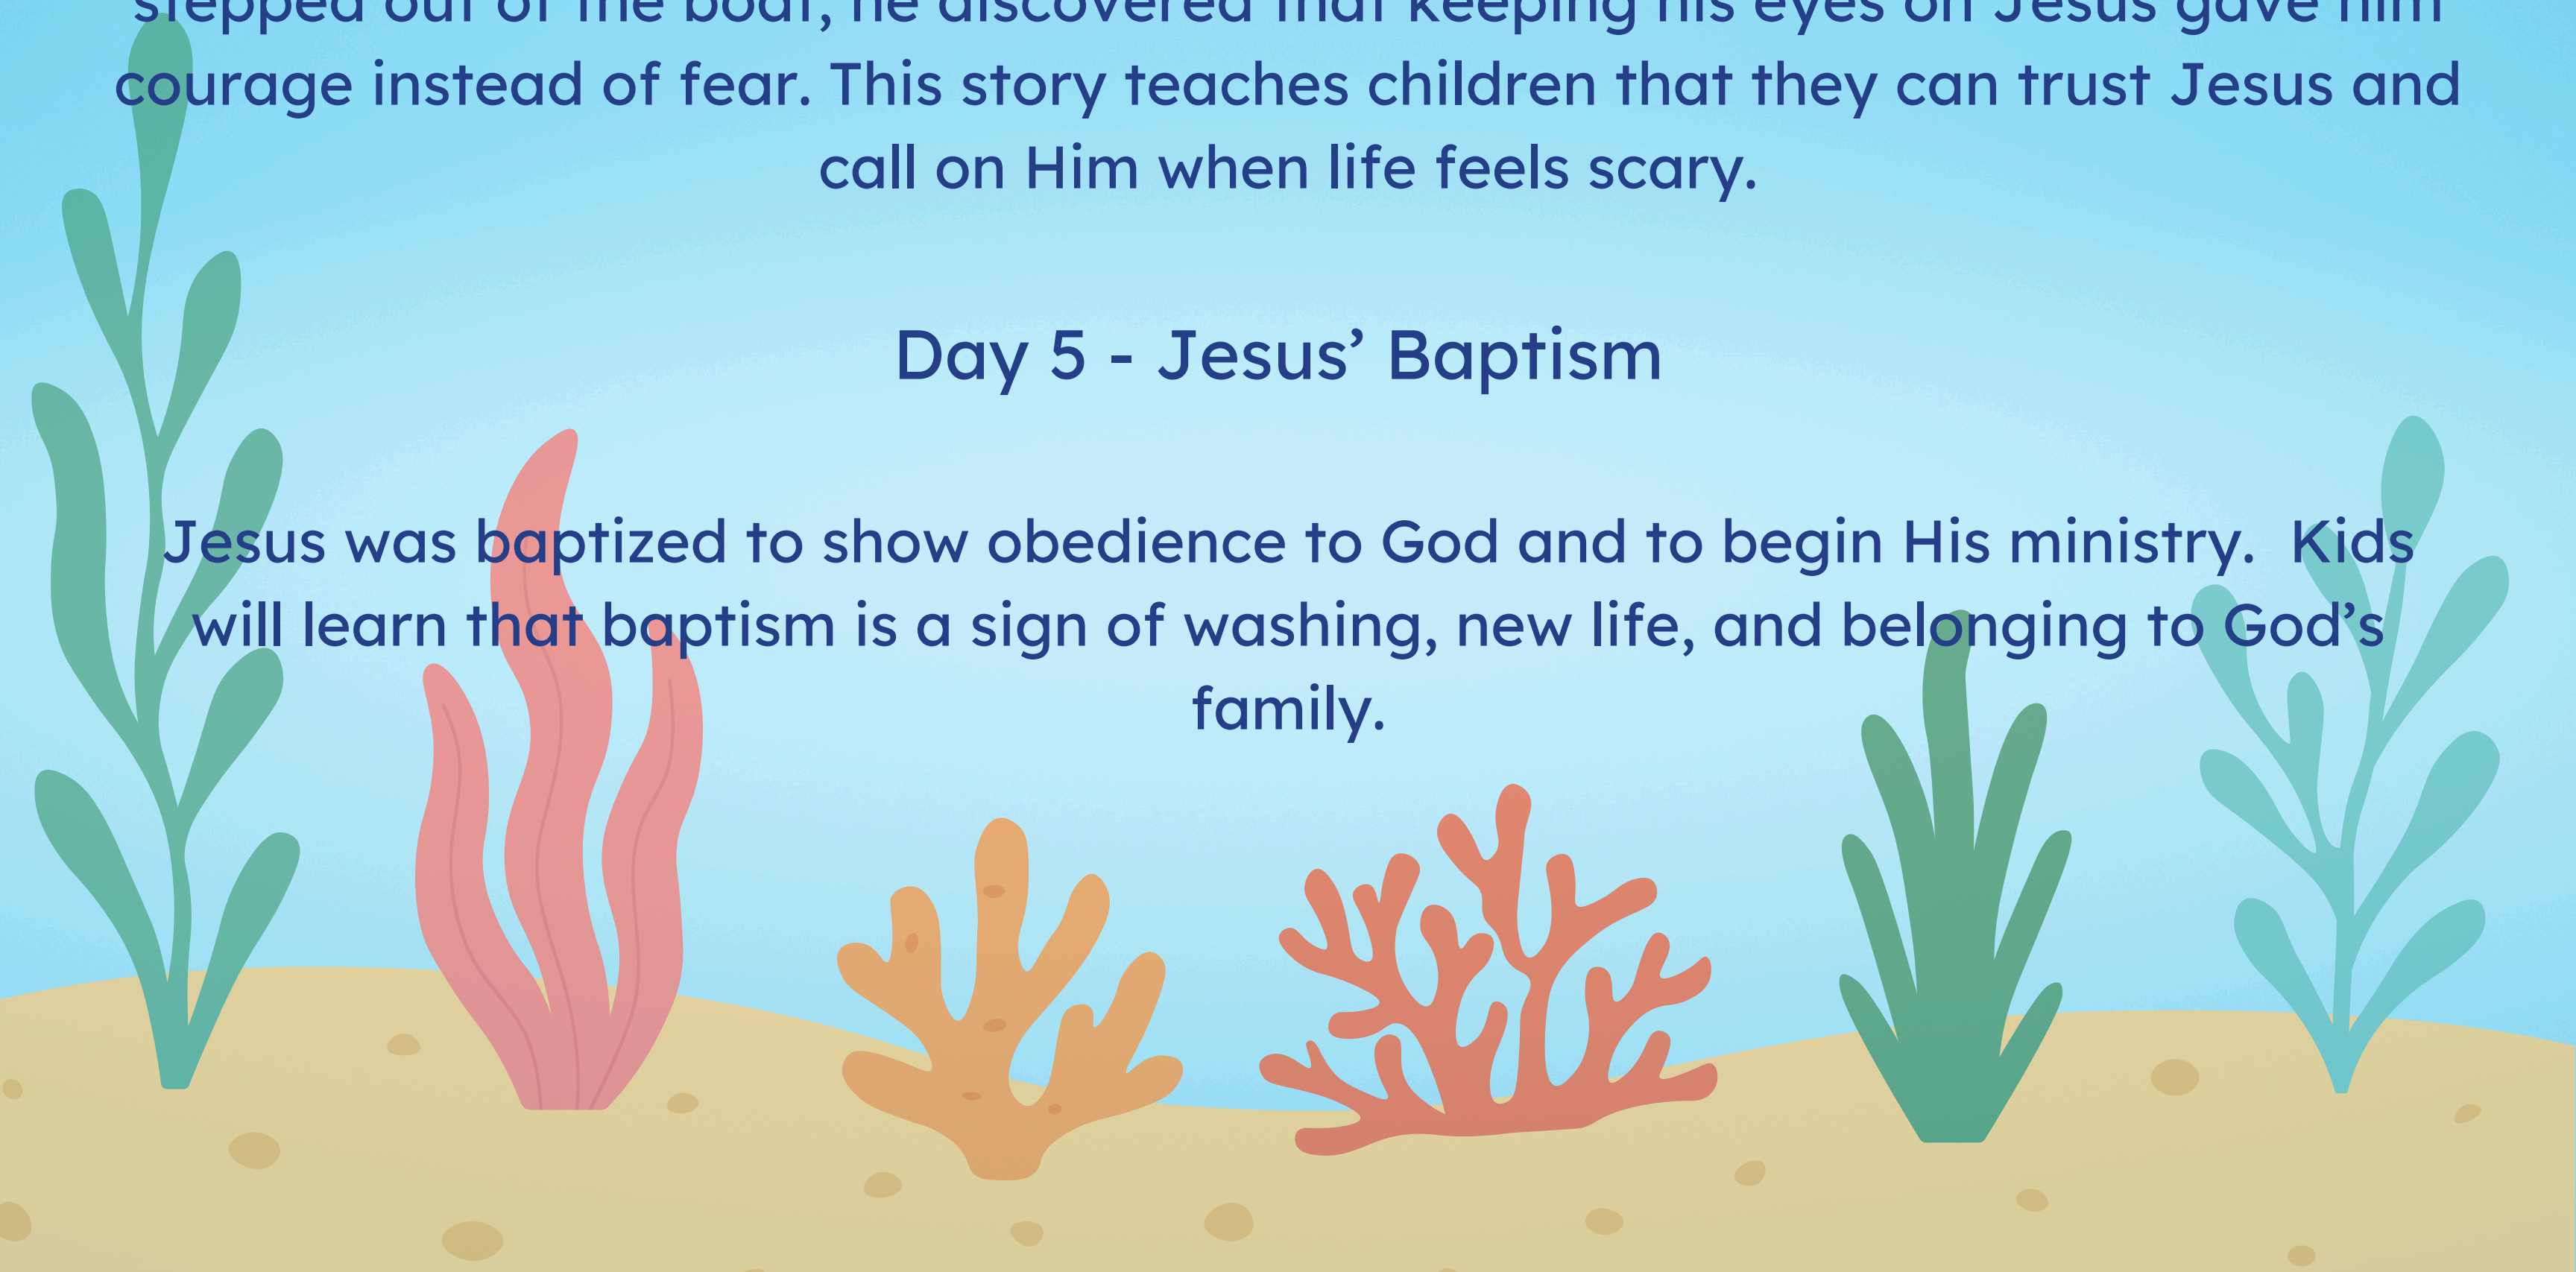

On Day 3, we'll explore the story of Jonah and the whale and learn about listening to God, even when it feels hard. Kids will discover how being brave and following what's right can lead to amazing adventures.

Day 4 - Jesus Walks on Water

Kids will learn that Jesus has power even over the wind and waves. When Peter stepped out of the boat, he discovered that keeping his eyes on Jesus gave him courage instead of fear. This story teaches children that they can trust Jesus and call on Him when life feels scary.

Day 5 - Jesus' Baptism

Jesus was baptized to show obedience to God and to begin His ministry. Kids will learn that baptism is a sign of washing, new life, and belonging to God's family.
