MARCH MISSION FOCUS Community CARES

Each year, the various Districts of the Susquehanna Conference highlight a few mission partners within their own area. One of the partners here in the River Valley District is Community CARES.

Community CARES is a ministry to the homeless, located at 50 Penn Street in Carlisle. The ministry began in 2004 at the Carlisle Methodist Church. After sheltering a small number of men for a night, church and community members realized that the challenges faced by those experiencing homelessness were far bigger than they anticipated.

Motivated by the vision that an emergency shelter in the county seat was a necessity, a group of local congregations and social service providers, led by Community CARES founder, Shari Bellish, began developing a plan to provide the support and services needed in the community. Initially, CARES housed 3 or 4 homeless individuals during the harshest winter months through a network of three churches. As support and the need for shelter grew, CARES was able to offer shelter year-round to as many as sixty guests each night. The organization officially became a 501(c)3 not-for-profit organization in March 2009.
