NOVEMBER MISSION FOCUS

Bethesda Mission

A Mission of Hope and Healing - Since 1914, Bethesda Mission has been sharing Christ's love with people experiencing homelessness and hardship throughout the greater Harrisburg area. Today, its ministries include men's and women's shelters, a Community Center serving children and families, and medical and dental clinics for people in need. Through shelter, practical assistance, and compassionate care, Bethesda Mission addresses both immediate needs and the challenges that can prevent people from moving forward. Its mission is to offer the love of Christ in tangible ways, one person at a time. This month, we'll explore how our support can help bring hope, healing, and lasting change to our neighbors.
