

Holy Week preparation guide for Grace Chapel family

Here is a great guide to lead us through this Holy Week. Pastor Chris has readings from God's Word for us as well as six videos that you and your families can watch from [The Easter Experience by Kyle Idleman](#) found on RightNow Media. Those videos are linked below so just click on those links.

This video series could have a few points that might be a bit too graphic for small children so be aware. But it does give a good reenactment of what Jesus experienced on our behalf.
