## Ropes Course Preparation & Pricing

The following suggestions and hints will help make your ropes course experience a better one. It is our hope that your group will enjoy their time at Camp Chaparral but in addition to fun, our goal is that your group can grow in areas such as teamwork, initiative, cooperation, leadership, trust, and communication. Our facilitators will encourage growth in these areas. It will be up to your group and each individual to make the most of the experience.

1. Please strongly encourage participants to wear close-toed shoes such as tennis shoes or hiking boots. Flip flops are not allowed on the high elements course.

2. Helmets and safety harnesses must be worn by all participants on the high elements.

3. Groups should allow 3-4 hours for the low elements and 3-4 hours for the high elements. The full course (both highs and lows) usually takes around 6-8 hours.

4. To make the low ropes experience a better one for all, larger groups will be divided into groups of 12-15.

5. Participation in both the high and low elements is always “Challenge by Choice”. In other words, we will never force anyone to do anything they don’t want to do.

6. Before your ropes course experience, we suggest that you do a “needs assessment” with your group and determine your goals and objectives. Ask, “What are the expectations for the day?” or “What do you expect to gain from this experience as an individual and as a group?”

7. Please inform your facilitator of any physical needs or limitations that your group members might have.

If you have any questions at all call (940)855-4182.

### **Pricing**

Lows - \$15 per person

Highs - \$20 per person

Full Course - \$35
