412-367-5000 ext. 2__

I am ecstatic to join yinzers at North Park Church in October 2016! It has been a dream of mine through thirty years of employment as a CPA.

I was born in Washington PA in 1960, graduated from Grove City College (GCC) in 1982, and married Rachel in 1985, whom I met at GCC. We started our life together joining North Park Church (NPC) in 1986 and have been richly blessed in small groups of loving friends. We were blessed to raise two children to adulthood in this church family. Being in a connectional local church of small care groups has psyched me up for this role.

I attended Reformed Presbyterian Theological Seminary in 1992 and was ordained as a ruling elder in 1993 at NPC. How much I have grown serving as an elder alongside awesome pastors in the local church (NPC), including our church plants! How much I have learned working as an elder in the Evangelical Presbyterian Church (EPC) at the regional and national levels. Being in a connectional system of church governance has propelled me to administrate and care for people God has called to NPC.

I love our campus at NPC, on the edge of this giant county park. You might see me bicycling around the lake, hiking up near the swimming pool, or watching youth soccer across from the batting cages. I was born a fan of the Pirates, Penguins, and Steelers, and have become a bigger fan of European football, or soccer. As a teenage point guard, I have always loved being on teams. I look forward to setting up a play for you, encouraging you to serve Christ and find God's calling on your life.
