WE BUILD....
"... to equip his people for works of service, so that the body of Christ may be built up."
• Ephesians 4:12, NIV

People who have been on a mission trip will tell you how it changed them. This is "soul" work. God designed us to get more joy out of serving than being served. We are helping people engage in the ministry of Midwest Mission. While people are here they transform resources into real relief. Their hearts are touched to continue serving Midwest Mission as they return home.

We feel God leading us to focus on "reaching more of his people in their time of need". To reach our goal we are asking for funds to complete our loading dock so that Midwest Mission can send one international shipment per week.

Every dollar helps to build the future. Those donating $500 or more may also request an engraved brick. Donations made to the "Brick by Brick" campaign are used only for capital projects.

Join our Staff and Board of Directors as we pave the way for the future of Midwest Mission and seek to reach more people for Christ.

"The foundation is strong and the future is bright! The ministry has been built on the rock!"
• Matthew 7:24-27
The generosity of our missionaries and donors who give their time, talents and treasures makes the growth of this ministry a possibility. Due to your bountiful gifts last year, we were able to purchase a new pick up truck that was used for nine bleacher projects and allowed us to pick up and deliver supplies throughout the North Central Jurisdiction.
We give you thanks!

LOADING DOCK

THE DREAM: Midwest Mission's goal is to send out ONE International shipment a week in order to transform the resources of God's people into humanitarian relief. The next step to make this goal possible is to enclose the new loading dock. Midwest Mission has raised $10,000 of the $40,000 needed to complete this much needed project. Please consider giving to Midwest Mission in order to reach God's people by sharing his love in a practical way around the world and around the corner.
