TO THE PARENT OR GUARDIAN: To fully assess the health of your child's visual system and prevent future learning problems associated with undetected vision problems, regular professional eye exams are essential. Experts estimate that 80% of learning is obtained through vision. Good vision directly contributes to a child's ability to learn while in school. As a part of your back-to-school preparations, it is recommended that you take your child and this card to your family eye doctor for a complete eye health examination. This card should be signed by the eye care professional and returned to the school nurse or teacher by your child.

The following organizations recommend the use of the Student Vision Card

Iowa Academy of  
Ophthalmology
