Registration Portal.**

Save the date for these fall events:

Fall Jr. Bash

September 19 - 20

Senior Adult Retreat

October 13 - 15

Fall Family Camp

November 7 - 9

Work is continuing on the updates to the dorms that were highlighted in the February Newsletter.

We would be glad for your small group, youth group, and/or church family to plan a work day to help ensure the dorms are in great shape for the start of camp May 25.

Each dorm needs to be deep cleaned, then shelves put together creating a space for paper and cleaning supplies in each restroom. Some dorms need painting, the conversion of overhead fluorescent lights to LED, replacement of shower heads, and replacement of toilet tank handles and guts as needed.

The grounds around the exterior of each dorm building needs to be cleaned up. A few clothesline poles need to be

replaced and all poles need new lines strung. We need to install a few motion sensitive lights on dorm exteriors and replace any lights that are burnt out.

Austin needs a team of 3 - 4 people that would like to help him with a couple of big improvement projects.

1. Build a shower house by the original boys dorm. This will be an involved all day /weekend project.
2. Install garage doors in the two openings on the east end of the pavilion.

Contact Austin @ 417 606-0149 and/or Collin @ 417 606-0147 to coordinate schedules, get more details and plan a time to help them complete this work.

Summer 2025 Kitchen Volunteer Program

Campers 15 years old and older may participate.

Use this code to apply.
