

# Self-Assessment for NCC Praise Team

This form allows the Praise Team volunteer to perform a self-assessment of their specific role on the team, as well as afford the opportunity to recommit to another year long period on the team. Please allow yourself about 30 minutes to answer each question. I greatly appreciate your time, both in ministry, as well as filling out this assessment. I think we'll both be better servants because of your investment here. Thank you!

## **Leadership and Platform Presence**

---

Each of us (not just the "worship leaders") is a leader when we step on the platform. We not only model worship but we are to engage the congregation to lead them in to worship. So much of this is confidence. Confidence comes partly from preparation. The more prepared we are, the freer we will worship. But confidence also comes from knowing Who called you and equipped you. If God has called you to this role, you can be confident in your platform leadership role.
