

My wife, Anne, and I have been fortunate to call St. Andrew's our home our entire lives. We grew up at St. Andrew's, both served as acolytes, and were married at St. Andrew's. Our children, Betsy (6) and Hayward (2) were both baptized at St. Andrew's.

Given how special this church is to me and my family, I am delighted to help in preserving the traditions that make St. Andrew's truly unique, while also working to foster its growth. Having served on the Finance Committee at St. Andrew's for a number of years, in 2016 I was appointed to serve as the Chairman of the Finance Committee and as the Church Treasurer.

In this capacity I have been very fortunate to work with and advise the exceptional leadership of this church, including the clergy, the vestry and the lay leadership. I also serve as an usher for Sunday services.

I received a BS in Business Administration and Accounting from Washington and Lee University in Lexington, VA in 2002. After spending three years in audit with PricewaterhouseCoopers in Washington, DC, I moved back to Fort Worth.

I am a CPA and currently the CFO of Wellflex Energy Solutions, a designer and fabricator of oil and gas production and process equipment.
