

My life focus is being a wife, mother, grandmother, intercessor and artist. My husband is an attorney, rancher, and former Texas legislator. We were members of Saint Andrew Episcopal Church, Breckenridge, TX, where I taught children, and my husband served on numerous Diocesan committees. Upon moving to Fort Worth, we joined Saint Andrew's in 2014. I attend Adult Education, Cantina Book Club and serve as an onsite intercessor for the Alpha programs. Witnessing Alpha attendees discover the need for committed faith and making life changing decisions is tremendously encouraging.

Years ago I joined Bible Study Fellowship because of a deep desire to know the scriptures. Six years later my best friend and I started praying for numerous needs in our rural area. Persistent prayer and patience brought forth a CBS Bible Study program. Another need was answered, after two years of intense prayer, to help rural cancer victim's go to MD Anderson Cancer Center in Houston for care. Then an event named Polo on the Prairie became an annual fund raiser for cancer research. I continue to serve the Lord through SOMA mission work, participating in Burma, Honduras and Malawi missions. I stand in awe of the gift of prayer, the power of praise and the guidance of the Holy Spirit.

EDUCATION: BS, History of Art, University of Texas Austin; Pratt Institute graduate studies; MFA, Vermont Studio Center
