GOAL 4 ► Develop Leaders

Goal #4 is to develop 10 to 20 new Christian leaders in our church by 2032. Currently, we are developing a leadership program that will focus on two areas:

1. Developing a biblical worldview
2. Developing leadership skills to lead a group or ministry

We hope to launch this leadership program in the Fall of 2025.

New Worship
Team Members

Goal #8 is to focus and expand our corporate worship. As part of this goal, we desire to teach believers God's design for worship and equip them to fully honor Him in it. This past year we defined **7 Key Beliefs About Corporate Worship:**

In 2025, we will be emphasizing these beliefs in and through our corporate worship service. Look for instructive sermon applications and adjustments to our order of worship.

Goal #8 also seeks to create opportunities for new singers and musicians to participate on our worship team. Four new members were added in 2024.

1

God is the sole audience of our worship offering.

2

Our primary focus is always to glorify Him.

3

In worship, we express truth to Him and to each other about Him.

4

Worship reflects our relationship with God and intentional worship leads us into a deeper relationship with Him.

5

Our praise, confession, preaching, and service to others testify to what we believe about His matchless worthiness.

6

Worship is central to the formation of mature disciples.

7

Intentional worship requires intentional preparation by leaders and congregants.
