### **Pastor Don Hollinger, Founder**

Pastor Donald Hollinger and his wife, Ruthie, came to West Green Tree Church of the Brethren in January 1995.

Recognizing the need for a quality preschool in the Elizabethtown community, with a loving, Christian atmosphere, Pastor Don shared his insights with the church's Board. The congregation embraced his idea enthusiastically, and pledged \$10,000 to start up the school. Tiny Timbers Christian Preschool opened its doors to the first children September 1997. Since then, the school has been sharing the love of Christ with preschool children each year. The daily motto continues, "Teaching children through the love of Jesus."

Donald E. Hollinger Scholarships are available to Tiny Timbers families who qualify for financial assistance. Applications are available upon request.

## OUR GOALS

- To accept each child for who he /she is and give them unconditional love.
- To guide the child socially, physically, creatively, academically, and spiritually, according to his/her unique developmental readiness.
- To provide a wide variety of materials, activities, and experiences to instill a love for learning.
- To foster the child's awareness of his/her own importance, as well as a respect for every other person's value in God's plan.
- To instill in our children a sense of awe for the magnificent world God created.

## CURRICULUM

The children are provided with a wide array of activities and experiences that will help them develop socially, physically, creatively, academically, and spiritually. This is accomplished while the children talk, interact, work, play, create, sing, pray, and eat together under the expert guidance of a loving, dedicated and experienced staff.

### Some of the activities include:

learning positive interaction skills and learning to deal with difficult social situations

engaging in a variety of art, music, and rhythmic activities

taking part in imaginative play;

enjoying books and listening to Bible stories

learning fun finger plays and singing fun children's songs

problem-solving with games, puzzles and manipulatives

learning colors, shapes, counting, and letters

discovering nature and God's world; playing actively outdoors; participating in various hands-on experiences; and going on exciting excursions.
