

# PARTNERS FOR PERU

## Training tomorrow's disciples

### Prayer requests

A dear premarital couple is in counseling with Tonya. Pray for A y S.

The scarred past of a fellow-minister has re-surfaced to mar the present. Please pray for F.

More laborers in Peru - 12 families have departed since we arrived - none have yet been replaced.

David is preparing ministers to give a good defense of their hope in Christ via his course The History of Philosophy & Apologetics.

Fifteen seminary students still need a partial scholarship (\$200) to advance in their preparation for ministry.

Pray for the development of & efficacy of our social media ministries

Pray for the recruitment of prospective ministry students during a dozen upcoming speaking events.

We need to hire a full-time staff member for the Bible Baptist Seminary in Peru. Pray for the Salary too:)

Tonya ministers to parents and their children through "Editorial Sembrando", a small, but growing publishing house started & staffed by our talented seminary graduates. We are producing doctrinally-sound Sunday School and VBS curriculum as well as parent and teacher resources to help reach the next generation for Christ.

To date this material has been distributed in greater Lima, several provinces of Peru as well as 4 other Spanish speaking countries. There are 3 upcoming regional meetings of Baptist churches in different parts of Peru who will host us and help us distribute the curriculum.

Please pray with us. We currently have a 6 month preschool curriculum and a VBS curriculum that need to go to print in October and we are trusting the Lord for the \$9000 that we need in order to publish and distribute this project. These will be the fifth and sixth publications, and God has been faithful. We are in awe of the way that He has provided thus far.
