

Port Ministry... the fastest way to the ends of the earth!

- Over 1.5 million seafarers transport over 90% of the world's goods.
- Port ministry offers an opportunity to serve these men and women from countries all over the world that are working at sea.
- Seafarers are taking on heavier workloads with fewer crew, and working longer hours with less time off leading to fatigue.
- Loneliness and depression have become major concerns as seafarers are separated from their families for up to a year.
- Shore leave is a luxury that many seafarers no longer receive due to the pandemic compounding the isolation for men and women at sea.

Global Maritime Ministries exists to provide holistic Christian ministry by meeting the spiritual, emotional, and physical needs of seafarers at the Port of New Orleans and the Port of South Louisiana.

Port Ministry

As we help seafarers on the ships and at our center we share the Gospel message.

We have many ways for you to be involved in ministering with us at the port.

For details on how to get involved, visit PortMinistry.com.
