

HOME CAMPAIGN

HELP US PREPARE FOR THOSE WHO
ARE COMING HOME TO NORTHGATE.

northgate.church

What is Home?

The Home campaign is a multi-phase initiative to raise funds so that we can continue making a kingdom impact in Central Ohio. God has blessed us with an amazing family, location and opportunity. We want to continue to be good stewards of what we already have, while preparing to make room for more. Raising up the next generation is a top priority.

Here's how you can help.

1

Pray. Continue praying for Northgate and its leaders that we would have wisdom and favor as we move forward and that the prophetic words over this house would be fulfilled. Pray for those that He is calling home to Northgate.

2

Donate. Please consider making a one-time gift and/or a six-month pledge above your regular tithe. You may also make a gift of real estate, stocks, or other asset. Fill out a pledge form on our app, website or card by December 8. We will announce our total pledged on December 15 and hope to have all funds collected by May 31, 2020 so that work can be completed by September 2020. Great things happen when we step out in great faith together.

3

Serve. In addition to giving, you might have a skill or talent to help us with these projects. Look over the list of projects on the back of this sheet and let us know on the pledge form what you might be able to help with.

Projects & Initiatives of Home

As we work together to reach our goal with HOME, you'll be able to see the following:

PHASE ONE (2020):

\$300,000

Upgraded Children's Spaces

- Every classroom needs updated and remodeled to be more inviting and engaging. New paint, carpet, furniture, wall coverings and art. Creating fun learning stations to better facilitate our ability to engage and teach.

- Add additional restroom facilities designated for children's ministry and additional security features such as updated video surveillance.

Parking

- Repair existing parking lot and add 40 additional parking spaces behind building to the north, which will provide more parking closer to the front doors and add more parking spaces to help with transitioning between two services.

- Provide more accessible handicap parking.

New Signage

- Take advantage of our unique location at the corner of a main intersection to let people know we are here and they are welcome.

- A new sign on Fourwinds Drive and replace the existing sign on State Route 37.

Minor Interior & Exterior Improvements

- Painting, carpeting, landscaping and more to improve curb appeal and environment.

Livestreaming Equipment

- Will allow us to provide a quality livestream of our services to our members that are sick or out of town. It will also be available to anyone who is looking for hope and a church family.

Master Planning for the Future

- Contract with our architects to take our vision and design a master plan for our site.

PHASE TWO (2020-2022):

Real Estate

- Purchase adjoining real estate for future expansion. We currently own 9.32 acres.

Building Plans

- Contract with our architect to create blueprints for next phase.

PHASE THREE (2023-2030):

Facility Expansion

- Create spaces that will facilitate continued growth and could also generate income to fund our vision of The Hope Center.

Children's & Youth Facility

- This space could be utilized as a day care center/pre-school during the week to further our mission of reaching and impacting families while paying for the facilities and possibly generating additional income.

Worship Center

- A space to serve the community as an event venue and gathering space. The space could be utilized much more than just on Sundays while generating income to pay for the facility and possibly generate additional income.

The Hope Center

- Creating a place of hope, healing and transformation to individuals and families recovering from brokenness, poverty, abuse, addiction, prison, trafficking and more.
