

# CHRIST COMMUNITY CHURCH

## *2019 Prophetic Bulletin*

### **1. New! New! New!!!**

*The Lord revisited the following word from the 2012 Prophetic Bulletin:*

A season of intense change is upon God's people. Many are being moved out of their comfort zones so that the Lord may place them in their destiny and their calls. The Lord has warned, "I am changing the way you pray, changing the way you walk, changing the way you talk and the way you think!" We must be open to the leading of the Holy Spirit and be prepared to go as we are led. We must hold on loosely to the things of this world so that they do not anchor us to the world and restrict our spirits from doing what the Lord has called us to do. This season of change will cause great stress on the world and the Body of Christ. One particular word instructed, "New! New! New!!! do nothing how you have been doing it. Stay out of the archives. Move forward"

### **2. Spectator Christianity is Over**

The days of spectator Christianity is coming to an end. This generation is no longer being relegated to the sidelines while a select few attempt to model their faith walk. The heart cry of the church is for genuine community among God's people and a deep loving relationship with the lover of our soul. The Lord didn't die so that His bride would commune with him for 90 minutes a week on Sunday and Wednesdays only. We cannot build our relationship with Him based on a 45-minute teaching that someone else has prepared. Believers will desire to connect on a much deeper level. The Lord desires that we commune with Him on a continual daily basis. Every believer should examine their own heart and purge out anything that hinders us from loving Him with our whole hearts. We should seek to live in a place of intimacy with Him that can never be compromised or simply be guilty of worshiping him from afar. The Lord's heart yearns that we would desire Him as deeply as He desires us.

### **3. Faith**

We are entering a season of moving in great faith. We must rely on and be confident in our faith grounded in Him. The Lord is highlighting three areas of faith.

**Great Faith** I am calling you to be a people of great faith. I am calling you to be a light to your territory and your visibility is increasing. I need you to be committed to your calling. I am calling you to become a people of great faith, to start seeing miracles, signs and wonders that are coming.

**Healing Faith** is being released in preparation of those he is sending to us as a church. He has given us a sickle and the time is coming for us to use it. Rescue my people out of darkness, bring them in, and love them as I have loved you. Show compassion for this is the heart of the Father. Show people that I am the Healer and tell them what I have done, so they will have faith to believe that I can do it for them.

**Harvest Faith** Rise to your calling. I have called you to be a light in your area. The harvest is Coming; love people from my heart and I will do great things among you. Live from my Word and show them the evidence of your faith. Have faith to do the impossible and move in my power. I am ready to pour out a new thing among you, I am shifting things and shifting momentum.

When we exercise our faith, we must not waver or doubt. When we pray, we must expect our prayers to be answered. Not only should we expect an answer but an answer that goes above and beyond all we could ever ask, hope or imagine. Many will be in awe of what God is doing and how awesome He is.

#### **4. Identity Challenged**

The Lord is emphasizing that we must know and trust our identity as His sons and daughters. This must go far beyond knowledge to a truth that resonates deep within our spirit man. In the days ahead, we must be secure in the fact that we have been bought with the price of His precious blood. Our identity will be challenged; we must respond with the authority He has given us. In these days you will have trials, so when you “go to trial” be prepared. Know your position in Him, know your rights and responsibilities. Choose wise counsel and then rest in the assurance that our God is a righteous judge.

#### **5. Maturity/Unity**

We will see a return of the importance of the “Five-Fold” ministry detailed in Ephesians chapter 4:1-16. The Lord himself has given the church this important and strategic plan to advance His Kingdom here on earth. Ephesians states that he has given gifts to men, by calling some to be apostles, prophets, evangelists, pastors and teachers. As the Lord has gifted these individuals, they will become gifts to the church. The purpose of the “Five-Fold” ministry is threefold. First to build the church up in unity. Second to build the church up in the knowledge of the Son of God. Thirdly to become mature, attaining to the whole measure of the fullness of Christ. When the church decides to execute God’s plan, we will see an acceleration like never before. When each believer begins to fully operate in their God given gift the church will reach a level of maturity that can only be God given in nature. When the church achieves her full stature, the knowledge of the Son of God will be indisputable. The unity among the churches will cause even the most hardened skeptics to take notice.

#### **6. Care Ministries**

There are many wounded, depressed, lonely hurting people in this body. They are praying and begging me to help them. I have already answered them. You, their brothers and sisters are the answers. I am calling out the strong ones to bind up the weak ones, the joyful to lift-up the depressed. I want you to form connections and spread my love within this body. Be true siblings. Spur each other on in your most holy faith. Build each other up. I want my body whole and strong. If your foot is hurt, wouldn’t you care for it? How will you reach out to the world and minister to them when you don’t do it with your family? This congregation is the only family some of the members have and they are not being loved like I want them to. Be the answer to their prayers as I have called you.

#### **7. Joy**

The Lord is in the process of restoring joy back to His children. The body of Christ has been weighed down by all the cares and concerns of this age. The Lord is beckoning His children back to their first love, a fully satisfied relationship with Him. The Webster dictionary defines joy as follows: The emotion evoked by well-being, success, or good fortune or by the prospect of possessing what one desires. A state of happiness. A source or cause of delight.” Our joy will be restored when we realize that our true strength and well-being comes from a personal encounter which will cause a divine connection that radiates from us for all to see. The word states that the “joy of the Lord is our strength.” We are only as strong as the joy that we possess.

The prophetic words received by the Christ Community Church Prophetic Team are shared and confirmed by team members. This bulletin is offered up as guidance for the ministry staff and congregation of Christ Community Church. Our hope is that these words will provide direction, edification, comfort and encouragement. As with any prophetic communication, it is your responsibility as the recipient of these words to weigh them against Scripture. We would direct that you would not make any decisions based on these words without prayer and guidance from those who are spiritual authorities in your life.

Blessings, C3 Prophetic Team

*We encourage you to visit our Prophecy Rooms the first and third Wednesdays of the month. Please Sign up at the Info Wall.*
