# Opportunities For Giving

We're asking that commitments to this campaign be above and beyond your regular giving to the church.

Whether it's a one-time gift or a commitment made over a three year span (2025-2027), we hope that each person is able to fully engage with God and the church about their own involvement in the campaign. As the giving model (right) illustrates, every level of participation is necessary for reaching our goal.

**INCOME-STREAM GIVING:** Giving as you receive income-from your regular income, bonuses, and/or through your personal business.

**SACRIFICE:** Changing your lifestyle and priorities can create additional resources for giving.

**DELAYING EXPENDITURES:** Postponing anticipated purchases can free resources for giving.

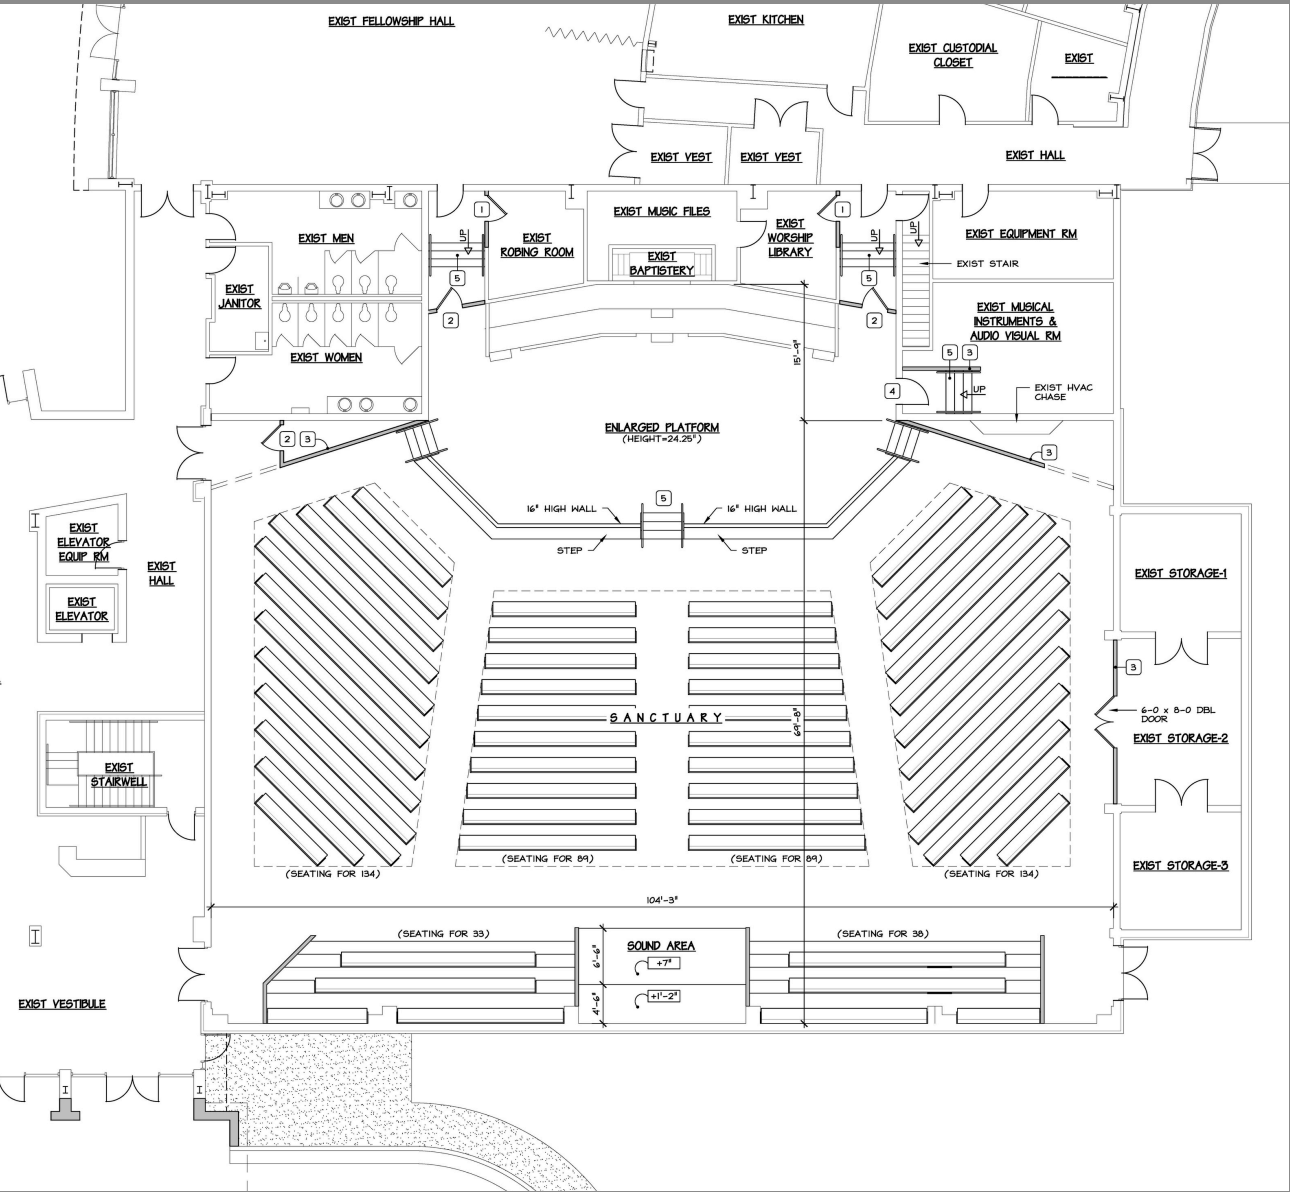

**FREEDOM FROM DEBT:** After a debt is retired, the resources that were applied to that debt are now available for giving.

**GIVING ASSETS:** If an investment-like stocks and other assets- has increased in value since its purchase and has been held for more than one year, then there may be tax advantages to transferring ownership of that asset to the church as a charitable donation. Giving the appreciated asset may eliminate potential capital gains taxes for the donor while still allowing the donor to receive the contribution credit for the current market value of the asset. Because of its tax-exempt status, New Bridge can sell the asset and receive full market value less transaction costs.

The fundraising goal meets the gap between what we have raised to-date, and what we will need to complete the project.

Donations Received: \$1.8 M	Remaining Goal: \$2.7 M
Total Need: \$4.5 Million	

When will construction begin?

- When we reach \$2.5M in donations received, we will be in position to work with the bank and begin construction.
- The church will be working with a lender to fund the difference between total costs and funds collected. As additional funds are donated, the amount of the loan need will continue to decrease.

The plan is to have \$2.5 Million in our Building Fund, before we start construction. This money, along with a commitment from the bank for \$2 Million, will ensure there are sufficient funds available to complete the project, without delays. The desire is to continue raising money once construction starts, to minimize or eliminate the need to access the loan. While the commitment from the bank allows us to continue building without costly interruption, our ultimate goal is to raise the full need, and emerge from this expansion without long-term debt.

For us, this 29:11 Legacy fund is an opportunity to be a part of something only God can do. He is touching our hearts to give financially to make New Bridge Baptist Church bigger and better in the way we can reach people for Christ in our community and around the world. There is no higher calling than to share the love of Christ through the Gospel. We are thankful to God that we can have a small part in this.

Phase 2 Construction

Add brief summary of what is included and when/if it will be started

Jeremiah 29:11

For I know the plans I have for you, declares the Lord. Plans to prosper you and not to harm you, plans to give you hope and a future. These words were spoken by God, and penned by the prophet Jeremiah to the captive Jews in Babylon, and directed today to those in Christ under the new Covenant. These words were also given to us by God through prayer for the name, and theme of our Building Fund, the "29:11 Legacy Building Fund". A three year plan to raise money to build our new Gym, and Sanctuary. Karen, and I are honored to serve as a Co-Chairs of six teams of dedicated Christians who with God's help will lead New Bridge in this effort. We can feel God moving in a mighty way in our Church more than we have ever felt since joining New Bridge in 1986. Our Prayer is for God to lead us as we embark on this journey, and to help our Church be a beacon of light, and hope for this community, and beyond so that we can leave a lasting legacy that will bring Honor, and Glory to God, and give a future, and a hope to future generations at New Bridge Baptist Church.

## How Will You Be A Part Of This Next Chapter?

The process of discerning your participation is a high challenge. We encourage you to invite the Holy Spirit's guidance and give with joy!

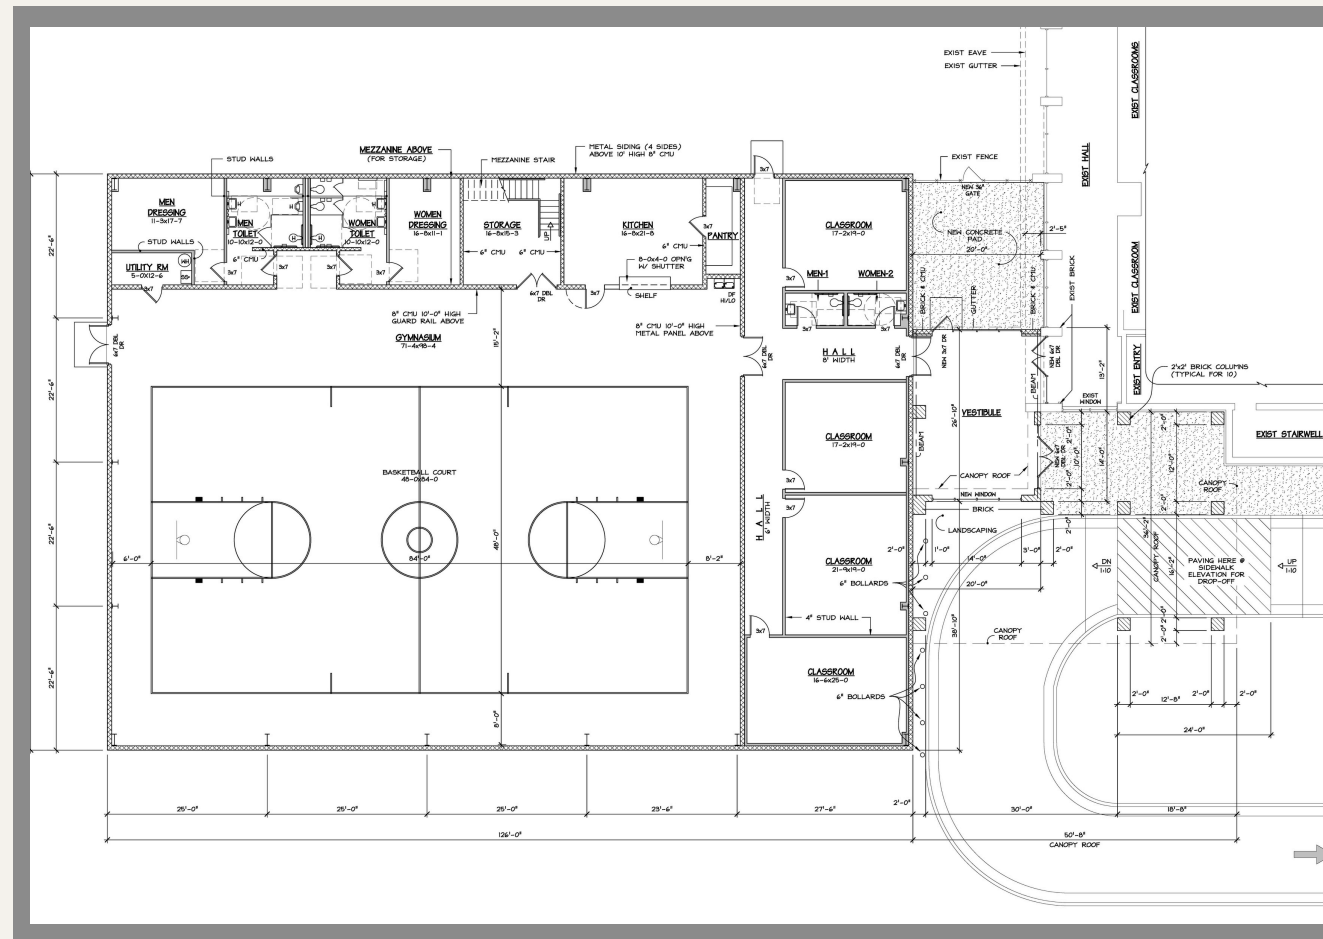

What difference can my financial commitment to this campaign make in my heart and life? Will my commitment allow me to more meaningfully invest myself in the mission and ministry of New Bridge Baptist Church?

Can I order my financial priorities to reflect more closely the order of my loves? What things can I afford, but could intentionally choose to live without because I am committing to give sacrificially?

Am I willing to pray for God's guidance in how he might want to work through me at New Bridge Baptist Church?

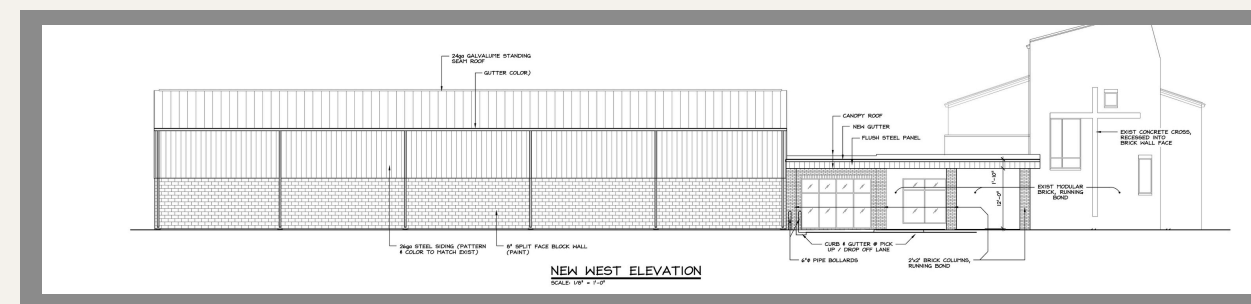

Am I approaching this decision as if it is easy and effortless or as a challenge, requiring discipline?

How is this commitment demonstrating my expression of faith?

Susan and I are just entering our 4th year at New Bridge Baptist Church, so we don't have the history of planning and anticipating this next phase of physical growth that has been on the drawing board for many years. However, we were here when the church voted to move forward with the expansion of the facilities and the costs associated with it. Hearing a congregation almost unanimously decide to take on such a challenging project is inspiring on its own, and I am proud to be associated with this campaign to help make it come to fruition. I wish I could take credit for this next statement, but in a recent meeting someone said "I just feel like great things are getting ready to happen at our church". It was at that very moment I realized I felt the exact same way, but had not taken the effort to articulate it. God knows our future and it includes Peace and Hope!

I hope you will be able to join us with this campaign and allow God's work to show through you.
