## HIGH SCHOOL GRADUATION

Even though we were in the midst of a pandemic, the goodness of God was always with us. This is the high school graduating class, dedicated to our God with gratitude for His love and mercy toward each student.

With regard to our finances, we have seen the hand of our Heavenly Father providing for our needs by way of churches and brethren who have given of their resources to our school. And so we honor the Lord for His provisions.

I ask for your prayers because this is the month in which we are required to pay each employee a double salary, according to the law. May God provide for this need.

"Till now the Lord has helped us." 1 Sam 7:12
