

Missionary Letter of Chorrera Amazonas
March 2021
Calderon Cano Family

Dear brothers and partners of ministry, receive a very special greeting from us as family, thank you for having us in your prayers and in your hearts.

On a spiritual level we want to tell you that we started again on this month the classes of fundamentals at Chorrera on Mondays.

On mid-February we started the Sunday school at Remolino, 7 minutes away from Milán, there are 4 families that sympathize with the gospel.

Also we visited again the community of Vista Hermosa, 15 minutes from Chorrera on the river and we had 3 families gathered.

The last week of March we were at Chorrera, making some visits on communities around as San Francisco Puerto, San Antonio and Betsan (this last one we are sharing the Word with a catechist that is very receptive to the gospel with his wife, and we shared with the group of Chorrera on Thursday, Friday and Sunday of the Easter week.

We had to stop the missionary trip of Easter Week because most of the people went to Chorrera to study and make errands.

We are happy also with the arrival of the family that is visiting for these days: Alex, Patricia and Evan Josué, their little baby.

On a familiar level, we have been strengthened for the separation with our kid, but he is very calmed and happy, studying hard to level the delay he had on La Chorrera.

We have been very healthy, although sometimes we have muscular pains, sometimes for excess of working, but in general good.

The missionary house is advancing slowly, we finished another bit of the floor, we finished the bridge for one of the entrances of the house.

Prayer Requests

- For them they open Leticia's Airport soon, and to be able to have the medical brigade programmed with the ministry of MMI for the month of May at the community of Providence.
- For spiritual protection as a family.
- For Alex and his family, for God to give them strength and help them during this time that they will be on this place.

Blessings and hugs to everyone.
