Dear Family and Friends,

I would like to officially announce that I will be attending YWAM in Kansas City in July. As many of you know, I went on my first mission trip to India this past October. During my trip, God placed in my heart to be bold in my faith. As time passed following the India mission, I felt like I hit a wall trying to grow spiritually. I began to think to myself, "How I can be bold in my faith when I feel like I am not spiritually equipped?" I found myself researching more about YWAM, and my heart wavered. I had made so many excuses why I couldn't go. As my heart wavered, that's when God started opening doors for me. For every excuse I thought of, God opened more opportunities to pursue, while closing the doors to places he did not want me to go. After praying I decided to drop everything and trust God.

During July 7<sup>th</sup> to December 15<sup>th</sup> I will be at YWAM in Kansas City to embark on a new chapter in my life. I will be attending Arise DTS. Arise DTS is a program that will help plant churches. My India mission trip was focused on planting church; isn't it fitting for me to participate in a program that helps in church planting? Arise DTS is broken up into two parts. The first three months I'll be trained on hearing God's voice, proclaiming the Gospel, starting discipleship movements, engaging in strategic missions, and more importantly, I will have intimate time with God. After the training phase, I will be sent out for another three months to execute what I have been taught on a short term mission. As a few people know about my past life style, I believe once I am able to be fully equipped, God will use me tremendously through my own personal testimony to build His kingdom.

I am very excited to share with you the opportunity God has presented me with. I ask that you partner with me in prayer and financial support. I would need to raise approximately \$8,000. This includes housing, food, utilities, and the outreach program. I will be forever grateful for any contributions made towards this program. To donate, please [click here](#) or see below for more options. Thank you so much for taking the time to read my support letter, and I hope that you will partner with me.
