"Faith That Works By Love" – Galatians 5:6

Brother Carl & Sister Melanie Bromley – Southland, New Zealand

Sponsored By:

Wises Chapel MBC, Pineville Arkansas

Mission Report: August – September 2025

Thirteen More Souls Receive Christ As Saviour; Seventeen For 'August – September' Period, Praise God!!!

Melanie & I have been so excited and stunned by the work of the Holy Spirit reaching the hearts of 13 more souls since the last report using the Survey Evangelism approach.

We had 10 saved at one event, and three more since, 1 and another 2 respectively.

Your's Truly Having The Privilege Of Pointing Seven Young Ladies To Saving Faith In Christ (can you count all seven?)

The response to the Gospel has been an encouraging validation of our change of approach for the 'Revival tour vision'.

Melanie and I have sought to go out once a week sharing the Gospel and trying different locations.

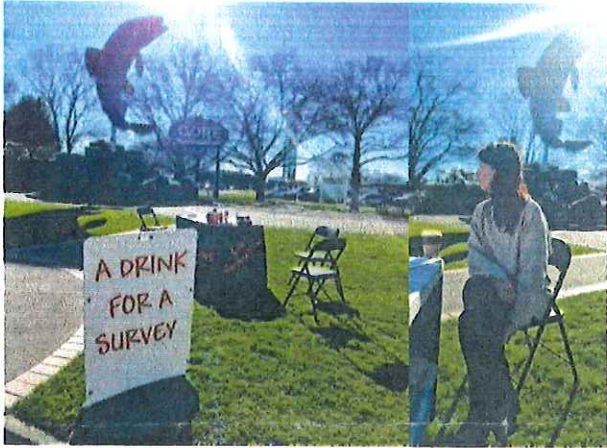

Melanie Sharing Christ With A Man In Invercargill.

Although Invercargill has been most fruitful overall, we will continue with the vision to venture out to different New Zealand towns using the survey evangelism approach.

Outreach In The Wee Town Of Riverton.

Sister Melanie Fishing Of 'Soul'... In New Zealand's 'Brown Trout Capital Of The World', The Town Of Gore.

The Evil Assassination Of Charlie Kirk Deeply Felt In New Zealand Too.

The Satanic murder of Charlie Kirk was felt here in New Zealand.

Melanie and I attended a vigil in remembrance of Charlie's faith and evangelical work done to reach his nation for Christ through the Gospel of righteousness in illuminating the political issues of the day as they pertain to Christian faith and the trajectory of a nation.

Over 200 Kiwi's Attended The Charlie Kirk Vigil In Invercargill The Night Before His US Remembrance Service.

Although Charlie was more masterful at it, his vision aligned with the vision I had to 'save our nation' also through a similar approach i.e. Connecting the reality of the political with the spiritual, which a mutual inclusive. The Spiritual impacts the Political and vice versa. Our Faith will impact our politics or ungodly politics will impact our faith, and the freedom to practice it.

We wept through the week, and as we watched the Charlie Kirk Memorial. We rejoiced to see so many American leaders share the Gospel, and give glory to God, with even the President acknowledging Charlie

Kirk's faith and the impact of it. We wished we had such faith from the members of our Government.

The world has descended in a greater degree of darkness, and it doesn't seem to be letting up.

It is obvious that at the bottom of politics both domestic and global is the battle between Good and evil, God and Satan.

Melanie and I continue to seek God for wisdom and strength in knowing which direction to go, and how to most effectively implement the message of the Saving Gospel of Jesus Christ here in New Zealand, with our hearts and mind open to the leading to Christ in whatsoever direction He calls.

Thank You For All Your Continued Love, Prayers & Financial Support!
