Church Planting, Soul Winning, Bible Translating

Deputation

At one church in Texas, we arrived several hours early to do some soul winning, and God guided me to the door of a member who had been out of church for a long while. I got the pleasure of speaking with him and encouraging him to attend that night, and he promised he'd be there. Thank God, he kept his word, and it was a great encouragement to me, my family, and his church to see him. Bro. Rob, if you're reading this, "Stay faithful, brother!"

God has blessed with many wonderful appointments (we've even had two appointments at TWO different churches in TWO different states on the SAME Wednesday!), but we are still looking to make more good appointments. We have had 3 pastors share our information with other pastors, and their information with us. (Thank you!) If any of you think of other pastors who may be interested in supporting our ministry, please let me know!

Family Update

God has blessed by revealing to us that my wife's OBGYN is not the right provider for her. This is bitter-sweet because we are avoiding a dangerous situation, but our insurance is not going to cover the move to our new, wonderful provider. Thankfully the new provider is giving us a huge discount, so we will be paying \$4,000 out of pocket. Please pray God blesses Livia with strength, and that the birth will be uneventful and fruitful, as we welcome a healthy, intelligent, and beautiful Joanna Olivet Turk.

Evangelism Highlights:

Recently God allowed me to preach the gospel to our 19-year-old neighbor, Miss Jamiah. She called upon the name of the Lord to be saved. The next day, a young man came knocking on our front door: it was Jamiah's twin brother, Jeremiah! He wanted what his sister got—Jesus, eternal salvation, and great peace. I got to preach the same gospel to him, and he believed on the same Jesus. He then attended church on Sunday and got baptized. AMEN! PRAISE THE LORD! Serving God is WONDERFUL!
