

TOTALLY EXTREME / CRAFT / WEEK 2

Supplies:

- One or two pieces of yellow foam
- Crown stencil cutout
- Jeweled stickers
- Clear tape
- Black marker
- Scissors
- One “crown” printable page

Instruction:

Preparation (Consider prepping these steps ahead of time for younger groups):

- **Trace and Cut Crown Shape:** Use the crown stencil and a black marker to trace the crown shape onto the yellow foam. Depending on the child’s head size, you may want to cut out two pieces per child (see picture).

Assembly:

- **Lay Crown Pieces Flat:** Place both crown pieces flat on a surface.
- **Decorate the Crown:** Use jeweled stickers to decorate the crown.
- **Tape the Pieces Together:** Use clear tape to attach the two crown pieces together.
- **Measure and Fit:** Wrap the crown around the child’s head to measure the size.
- **Secure the Crown:** Once the correct size is determined, secure the crown around the child’s head with tape.
- **Final Step:** The crown is now ready to wear!
