Climate Change:

Change the story, change the world!

September 17, 6pm-8pm

Fellowship Hall

The speaker, Garth Lindley, is passionate about the environment and climate change. He will tell his own story using his hometown as an example of how life is and how it could be better. Garth attended Al Gore's Climate Reality Project training in 2017 and is committed to presenting his ideas for living within the boundaries of our earth that envisions a better future.
