

Follow-Up for Gospel Communities

Week of September 23

Key Scripture reading: Luke 24:25-27, 44-47

Question: What evidence do these verses give that Jesus viewed the bible as one long story? And what is the essence of the story?

Note: Use this short discussion to introduce the idea of your group learning the story of God's plan as Jesus told it. Each week you will be given a short summary of one piece of the story to learn together and one question to stimulate some reflection on its significance for us today.
