

“MY FAVORITE” Game

As you become a “student” of your spouse this is a fun little game to take with you on a date or to play during a leisure time some evening. The most enjoyable way to do this game is for you to ask the questions and write down their answers. You can also give the questions to your spouse for them to fill out and then have them read their answers to you on the date. They will probably want you to fill one out one yourself after you are done! So be prepared. Play this game first as husband and wife and then, later have your kids and other loved ones play the game too. We are always looking for new questions. If you come up with any new questions to include in the “My favorite game” please email them to us at tim@truerelationships.org. Enjoy!

1. My favorite thing to do on Friday night or Saturday is:
2. My favorite coffee , tea, and ice cream is:
3. My favorite scripture is:
4. My favorite movie star is:
5. My favorite singer and song is:
