

We are thrilled about your upcoming marriage and we are here to help you through this process. Marriage has taken on a variety of meaning in our culture but at Towaliga, we follow what Scripture teaches about it. We only recognize marriage as a covenant between one biological male and one biological female. Furthermore, we only allow our pastors and our facilities to be used in marriages that comply with the full teaching of Scripture.

### **Questionnaire**

Are you and your fiancé currently living together? If yes, explain.
