

# Hospitality Ministry

*Don't forget to show hospitality to strangers, for some who have done this have entertained angels without realizing it!*

*Hebrews 12:2*

## Mission:

**Create an atmosphere of warmth and personal welcome to help members and guests connect with the love of Christ.**

We have a number of areas of service that are available for you to sign up for. You can choose an area that you've served in before or go for something new. Check out the serving opportunities below.

## Areas to Serve:

### Greeters (Traditional Worship)

Greet members and guests as they enter through the main doors-be friendly and open to help with questions and directions.

### Ushers (Traditional Worship)

Take positions at the main door and two side aisle doors-pass out bulletins and direct those entering towards open seating. Assist with collecting the offering.

### **Greeters (The Fellowship)**

This is your chance to make that First Impression for The Fellowship-wear a smiling face for all of our guests and be ready to answer questions.

### **Ushers (The Fellowship)**

Assist with collecting the offering. Help late comers find seating.

### **Coffee Connection (The Gathering Room and The Fellowship)**

This is a time of fellowship with coffee and snacks following each service. You can help with this by making coffee, setting out snacks and cleaning up after the service of your choice.

### **Wednesday Night Dinners**

Help with setting up, serving and clean-up. Time frame for serving is 4:45pm-6:30pm. Food is provided.

### **Church Wide Fellowship Dinners / Funeral Repasts**

These are generally some type of pot-luck dinner that is for the whole church family. We need help with collecting and setting out the food-serving as needed and clean-up afterwards. You would be contacted ahead of time for these events.
