Monday

Pool Noodle Construction - Cut the pool noodles into small sections. Divide the pieces of pool noodle among three team (provide the teams with at least 20 pieces of pool noodle) and place them at the far end of the playground. Divide the children up into three teams and have them line up on the opposite end of the playground. The children will race down to the pool noodles, grab a piece, run back, and start to build something out of the pool noodles. If the construction falls down, oh well, continue playing!

Wet Sponge Relay Race - Each team stands in their own line, facing one direction. The person in the front holds a sponge. He/she dips the sponge into

a big bucket of water, which is directly in front of them. They pass this sponge over their head to the person behind them. And it goes like this on down the line. The last person wrings the wet sponge into a pitcher (which is directly behind them) & then they run up to the front of the line (with the sponge) & begin all over again. The team to fill the pitcher first, wins.

Tuesday

Ice Cream in a Bag

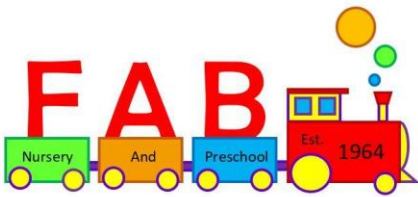

Materials - 1 cup half and half, 2 tbsp sugar, ½ tsp pure vanilla extract, 3 cups ice, ⅓ cup kosher salt, gallon and pint size ziploc bags, toppings

Directions - In a small Ziploc bag, combine half and half, sugar and vanilla. Push out excess air and seal. Into a large Ziploc bag, combine ice and salt. Place small bag inside the bigger bag and shake vigorously, 7 to 10 minutes, until ice cream has hardened. Remove from bag and enjoy with your favorite ice cream toppings.

Fourth of July Noisemakers

Materials - 2 paper plates, red, white, and blue paint, dried beans, stapler, scissors, paint brushes, and tape

Directions - Cut out a smile shape from the inner circle of both paper plates. Cut across so you have removed a “D” shape from each plate. Your child will be painting both plates on the outer rounded side using the red, white and blue paint. When the paint on the plates has dried, staple the bottom edges. I used 9-10 staples on the bottom of the plate. You want to make sure to make the staples close enough together so that no beans will spill out. Fill the large inside pocket with a few tablespoons of dried beans, then staple that pocket closed. If you are giving this to a younger child, you can even cover the back of the staples with some tape so they don't catch on anything. I used tape to stick the two sides of the handle together and did so over the length of the handle. I used tape rather than staples here because it is less rough for little hands as they are holding this. Now all that is left to do is play your 4th

of July craft. This is perfect to bring to a 4th of July parade or celebration.
