#### **Powerpoint Guidelines**

1. Arrive 10-15 mins before the start of the service to look over the powerpoint copy, coordinate with Gordy for video, and start the "Countdown."
2. When running the service, be sure to anticipate the next slide, meaning, don't wait for the last word to be read before going to the next slide. When you're almost to the end of the sentence (whether it's prayer or singing) go to the next slide. It's hard for the members and the pastor to feel comfortable reading or singing when they're waiting for what's next. If you're not sure about this, ask Kenn Krech or Donna Taranto.
3. Keep as quiet as possible while in the balcony, especially during videotaping. Even though you're in the balcony, you're still part of the worship service.
4. Please have small children stay downstairs. There's a lot going on in the balcony during a worship service, plus a lot of expensive video and sound equipment. There needs to be focus for all who are up there. Thank you!
