RURAL MINISTRY OPPORTUNITIES

- » Many rural people are ready to respond to the message of the gospel
- » Your church may be in a great place to advance
- » If you desire further inspirational and training for your community, then **this conference is for you!**

Each participant will: discover new tools, catch a new perspective on God's call for the rural church, and enjoy the camaraderie of rural partners. Pastors, board members, worship teams, youth workers, and children's workers will discover resources that equip them for ministry in their rural church.

Bring leaders from your church to equip your team to build the kingdom of God in your community. The group rate makes it possible to bring every leader from your church.
