The Adventure Begins Here...TCC Summer Camp 2018

Week One: Adventures in Cooking (July 2-6)

What makes a cake rise? How does color affect flavor? Learn the answers to these questions, and many more, as we explore the science behind cooking with the help of our own Ms. Marie and Jan Schlenker.

The *Mad Science* people, who transform laboratory science into fun, interactive learning experiences, will introduce the children to *chemistry* and whip up some *mad mixtures*. Then, we'll end the week with *Cupcake Wars*.

Children younger than four-years old will explore their *sense of taste* by sampling salty, sweet, spicy, and sour foods. They will listen to *The Very Hungry Caterpillar*; *Cloudy with a Chance of Meatballs*; and *Eating the Alphabet*. The week will end with the creation of alphabet cookies.

Week Two: How Did They Do That? (July 9-13)

Pablo Picasso said, "All children are artists." This week we'll help those creative juices flow in our camp. We'll begin with a visit to the *Hunterdon Art Museum*, which includes a guided tour.

The children will learn the paint-splattering techniques of Jackson Pollack (courtesy of Miss Lorianne) and use paint-filled balloons to simulate his painting style and create their own masterpieces.

Then, the *Mad Science* people will join us to expand our knowledge of *gravity*, *inertia* other *FUNDamental forces* and how to use them to create some great devices. They will also help us learn how to use shapes to create structures. The children will use this information to create mobiles in the style of Alexander Calder.

Finally, our own Ms. Stacy will show the children how to paint by candlelight in the style of Vincent Van Gogh.

Week Three: VBS Sports Camp (July 16-20)

School-age children, and children age four and above, will participate in the sports camp. The program for the four- to five-year old children is a specially-tailored program with activities suited to that age group.

Two- and three-year old classes will travel to *Imagine That*.

Week Four: International Christmas in July (July 23-27)

Learn how Christmas is celebrated around the world when we explore traditions and create Christmas crafts from five different countries. We'll have a visit from one of Santa's elves; and, a special celebration on the 25th with a pajama/ movie/hot cocoa day.

Week Five: VBS – Great Adventures From the Bible (July 30-August3)

Calling all Indiana Jones fans! Join us as we reenact five great adventures from the Bible. Step inside Jonah's whale and help to part the Red Sea! Learning stories from the Bible has never been this much fun!

Week Six: Challenge Island (August 6-10)

The team from *Challenge Island*, who combine science, technology, engineering, art, and math to create a fabulous and exciting learning experience, comes to TCC to teach the children about *momentum* and leaves us with a week of challenges.

We'll end the week with a visit from Jay Jay the Bubble Guy and his fabulous, interactive bubble magic show.

Week Seven: The TCC Theatre Presents...(August 13-17)

Do you like acting? Do you like singing? Would you like to learn how to write a song? This week begins with a visit from *Mr. Ray*, who will share some of his song-writing techniques with the school-age children; and, then, put on a fabulous performance for the entire camp.

Budding actors will perform three fables for the camp with the help of Benjamin Coto (our fabulous director from last year).

Week Eight: Anything Goes (August 20-24)

Our last week will be a blast. We'll have an *Ultimate Game Day* and a fabulous *Talent Show Finale*. An aquarium education specialist from *Jenkinson's Aquarium* will visit and teach the children about invertebrates like sea stars and sea urchins. *Insectropolis* will drop by with their *Bugs on the Go* program; and, we'll end our camp with a special surprise.

In addition, our summer program includes: daily campfire meetings; weekly Talent Shows; gardening (including learning how to grow and care for succulents); water play; outdoor play on our playgrounds; and, indoor play in our air-conditioned gymnasium.

THE CHILDREN'S CORNER SUMMER CAMP 2018

• Monday, July 2, 2018 to Friday, August 24, 2018 •

*TCC is closed Wednesday, July 4 for Independence Day

*TCC is closed for Maintenance August 27 thru August 31

TCC re-opens for the 2018/2019 school year on Tuesday, September 4!

Application Fee:

Current Students Only \$15.00 per child (2017/2018 preschool and SAC students)
 Newly Enrolled Students \$45.00 per child

Tuition:

2017/2018 enrolled families – FACTS accounts will be billed by June 1, 2018.

New enrollees – summer tuition is due in full with signed contract.
