JANUARY SHARING TREE 2026

Your support of our 2025 Sharing Trees was so generous that the Mission Outreach Committee decided that once again the first tree of 2026 should be a THANK YOU TREE. You can put your wallets away and accept our

appreciation and thanks from the Mission Outreach Committee and the many organizations that you supported throughout last year. You have truly made a difference in so many lives in Lompoc and around the world.

It is also appropriate to recognize those who volunteer their services to FUMC and to various organizations in the community. Your time and talents are appreciated and valued. We do appreciate those who help to prepare our sanctuary and volunteer for our Sunday services. To those who participate in Fellowship, Feed the Hungry, Mission Outreach, and to those who tirelessly work behind the scenes to make our church great. Thanks for being there to help others who need a helping hand.
