

Community Care Project: Southside Trash Clean up

Help us care for the community by joining our neighborhood clean-up effort! We're encouraging individuals, families, and groups to serve together by helping clean up parks and neighborhoods on the south side.

Possible locations include Rum Village, Miami Hills, and local little league parks.

Whether you pick up a few pieces of litter or spend time serving as a group, every effort helps create cleaner spaces and shows love and care for our community.
