- Remodeled an office in our school in the Dominican Republic and added two more classrooms.
- Built a basketball court and put in soccer goals for the children to play during recess.
- Added a grace in our school, and we now go from Pre-k to 8th grade
- Increased our student population to 200 children.
- Increased our staff to 17 staff members.
- Hired a full-time Spanish teacher this year.
- Provided 700 backpacks with school supplies during our annual Back to School drive.

- We sent a team to the Island of Dominica on a Missions trip in August.

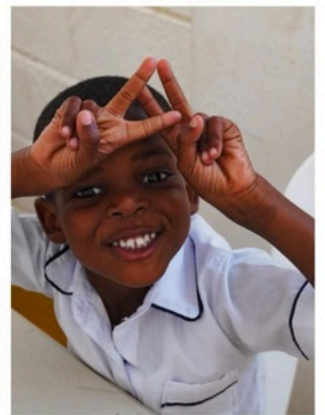

Today's Word highlights:

- The YouTube channel had 120k views in 2023 (up 108%).
- The podcast had 186k views (up 72%).
- Overall (on all platforms), we had almost 500k views. That is a lot of lives being impacted by God's Word.
- People engage every day and constantly give us testimonies of growth.
- YouTube and TikTok Shorts: Reaching wider audiences and success stories.
- God is using short-form content (1 minute videos) to reach people who do not watch the 25-minute Today's Word.
- These short videos are constantly shared, and God is using them to make an impact.
- Many are going to government officials and captains of industry.
