

## **Our Classroom Community:**

This month we will be working on spring crafts. We will also be talking about community helpers. We will discuss different community helpers as well as which one each student would like to be one day. We will focus on independently opening our snacks, independently packing up including putting on our own backpacks and generalizing our name in different settings. We will also be working on expanding our circle time; sitting longer, answering questions about the texts read, and maintain a topic of conversation longer. We will continue working on our art project for the art show ( which is May 2<sup>nd</sup> from 6-7 PM). They have been working so hard!
