Mrs. Cacioli &
Mrs. Sunshine

And just like that ...

Our time together is almost done. How we will miss them!

Your little cherubs have grown so much, it was such a joy to laugh, play, and work with each one of them.

Thank you for all your support and trust, and most of all, to let us be part of your child's journey. It was an honor to accompany this special group of children, to cheer them on for all their accomplishments, to hear those heartfelt laughs and smiles, to observe their curiosity and explorations, to see them wonder and solve problems, to notice their excitement when they trick their teachers and when they are just too clever for us.

They warmed our hearts! At the beginning of this school year I felt unprepared to teach and bond a second year; now I feel unprepared to let them go again. Thank you for sharing them with us!

Hurray for our Moms! May 8th, 10:45 – 11:45 am

You work 24/7, always there to cheer on, comfort, laugh, teach, help, support, hug and kiss. Your kids would not be as wonderful as they are without your hard work. Thank you! We'd like to celebrate you with a little breakfast.

Siblings are welcome. If you are not able to attend, please let us know to find a special grandma or friend who could join us.
