

2026 Youth Time & Talents Pledge Card

We would like to invite all families in our community to talk and pray together about how God might be calling them to dedicate time and resources in this year ahead. Practicing this early with young people builds habits for a lifetime! This may be continuing a way of serving already, or listening to new ways God may be calling you to serve. If you or your children have interest in one of these below, please mark it and one of our leaders will be in contact with you to help you plug in. Thank you for taking the time to think about this together!

If there is more than one person in your family using this form, please indicate the interest(s) of each family member by writing that person's name on the line next to each opportunity.

Current Opportunities to Serve (i.e., where help is needed now!)
